

**Elect Ron Rowell
For
Vice-President!
Bart Chapter SEIU**

Brothers and sisters, I have had the honor of serving the members of this chapter in the following activities and positions of responsibility:

In 2009, I was the Contract-Action-Team chairperson. I chaired, developed and orchestrated ratification meetings and rallies. I served as liaison between our chapter, the local, and the other unions. I organized a course of action for a labor strike; and instructed members from all BART unions to be picket captains. This included overseeing the development of a possible strike with over 2000 participants. Furthermore, I was the voice of the SEIU hot line.

I am serving as a member of the Chapter Executive Board, which oversees the chapter expenditures. I am also the Chapter Sergeant at Arms, tasked with coordinating meetings. I was a Contract Negotiations Team member in 2001 and instrumental in bringing in a high quality labor contract.

I have served the membership as a delegate to the Local 790 Executive Council, Maintenance Sub Chapter Vice-President and President. I have served in front line positions as Area Steward and Chief Steward. My experience has granted me valuable leadership skills and abilities.

By serving in these positions, I have successfully advocated for issues on behalf of the members. My broad experience has given me a complete perspective of our union. Consequently, I have the unique ability to protect the rights of every member of this chapter. Your issues will be my issues not because it is my job but because I care! The office of the Vice-President is a 24/7 position, and when elected I will treat it accordingly.

**I ask for your vote
In Solidarity
Ron Rowell**
