

Austin Thomas

Independent Candidate for
Vice President

I am **Austin Thomas** former Officer of the BART Chapter, Training Committee Chair, Chief Steward, Election Committee member and advocate for you!

The District is threatening our Contract and the way of life here at BART.

I understand the industry practices that Bart is seeking to adopt. These models were used in the airline, manufacturing and auto industries. We cannot simply accept them. We must adapt that which is useful and **REJECT** that which is not.

We are at the crossroads where our past achievements must not be traded away as we look to the future.

I have the knowledge and experience of the contract and the negotiation skills needed to defend and expand upon our rights. **All I ask for is YOUR Vote.**

I will work FOR YOU to:

- **Protect your job**
- Negotiate a new contract that **expands your rights** not gives them up
- **Keep you safe** at BART
- **Provide future opportunity** for you and all members

Vote **1** **Austin Thomas**
