

**Elect Cass McCoy**  
**For Vice President**

I am the Clerical Chief Steward and have served for several terms. I enjoy effectively counseling and assisting our members with research and advice to bring resolutions to many of their issues.

I served on the San Francisco Committee for Americans with Disabilities. This has allowed me to use my Experience and Knowledge in working to assist our members in the areas of Reasonable Accommodation, FMLA and Workman's Compensation.

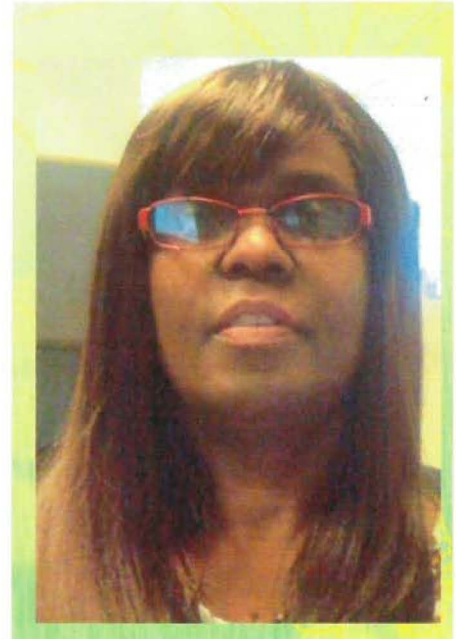

I have participated in training at San Francisco Graphics Seminar and 1021's Union Media Workshops. These skills have Empowered me to produce flyers and upload information to various social media networks; this allows our members and others to gain information. This training has also provided me with skills in broadcast media so that the membership's messages can be effectively seen and heard by the public. These skills are invaluable Assets during contract negotiations. I have interacted with the public by leafleting flyers, talking to the riders, and the media during the two terms that I have served as a negotiator. Also, I contributed to the submittal and approval of new contract language for the betterment of our membership.

My goal is to continue to advocate, enforce and protect the rights of our members.

I will continue to keep abreast of Federal and State Labor Laws that may impact our members. Our members need leaders who will work tirelessly, who will take the initiative, who will follow through, who will include the membership in the decision making process, and treat them with respect, I pledge to do this along with my fellow officers.

I ask for your vote and support in this upcoming election for Vice President of the BART Chapter.

Thank you, in solidarity.

**Assets = Experience, Knowledge and Empowerment!!!**  
**Vote for Cass McCoy**
