BART Experience

- Transit Vehicle Mechanic **1998 –1990**
- Transit Vehicle Inspector **1990-Present**
Pursuing grievances in the Inspection Dept
(Contract Language)

I am running for the office of BART Chapter Vice President. The BART Chapter's foundation must be strengthened, BART Management constantly threatens our contract. If elected, my initial plan will be to not only file grievances but to enlist the help of the BART Board of Directors and long with the backing of the Chief Steward's council, elected officers and union legal to stop BART'S blatant contract violations.

I am a firm believer in having work site visits at which I will encourage the rank and file membership to attend union meetings. I believe this can be accomplished on a volunteer rotating basis, which was successful at the Richmond shop. I do respect the fact that many of our members can't attend because of work schedules and family responsibilities.

I am asking for your vote and for you to support union involvement.
